

For those who are due to give birth in Skåne this summer

Welcome to our maternity wards in Helsingborg, Lund, Malmö, Ystad and Kristianstad. We will take care of you and your baby and provide you with the support you need to ensure that you will have the best possible birth experience and a safe and secure delivery.

Important information for the summer

All maternity wards in Skåne are impacted by the fact that fewer midwives are on duty during the summer. This means that fewer delivery rooms can be kept open during the holiday period.

The maternity wards in Skåne work closely together to ensure that all pregnant women will have a good, safe and secure delivery, also during the summer. All women in labour and newborns will receive the care they need, but it may not be in the place they planned and wanted.

Please call us when the time arrives

This summer, it is particularly important that you call the maternity ward where you wish to give birth **before you travel**, so that we can receive you in the best possible way. We will help you assess how far along you are in labour, plan for when it is time to arrive, and ensure that there is a place for you.

If your preferred maternity ward is full, you may be offered a place in another hospital instead. We will help you to arrange a place.

Malmö and Lund: 0771-11 18 88

Ystad: 0411-99 52 45

Helsingborg: 042-406 22 20

Kristianstad: 044-309 13 21
